TO WHOMSOEVER IT MAY CONCERN

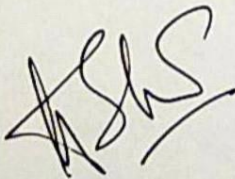

I am pleased to write this reference letter for **Mr. Shamil Iqbal**, now residing at the address Kodakkat House, Pookkottur Post, Malappuram District, Kerala, PIN 676517, who has been part of our Design Team at **AUS ARCHITECTURE, Bangalore, India**, since August 2016, to April 2018, as Project Architect.

Mr. Shamil has handled and lead projects in Institutional, Tourism, Retail, and Healthcare segments during his tenure with us with excellent merit. He has independently handled a school project that involved redefining the classroom and school environment, making the premises innovative abiding the smart classroom scheme proposed by the state government. His responsibilities included interaction with the stakeholders and the clients and directing and guiding the project managers and contractors about the work integration during the construction phase. We observed him to have a keen eye for analyzing and resolving aspects of design while leading the team on these projects. His forte is 'Teamwork' where he takes ownership for his work tasks and also in motivating the design team with great spirit.

I am delighted to state that during his tenure with us, he has been a valuable and dedicated member of our team and he has been proactive in taking up responsibilities. He was very committed to his work, channelizing his efforts through sequences of creative thinking, problem solving and follow through. He has been an excellent team leader and has immensely contributed to our collective practice.

Mr. Shamil will indeed be a valuable member of design community having excellent sense of maturity, and observation skills, and his foundations in the subjects are good. We wholeheartedly wish him every success in his future endeavors.
