Institute Professor
Deepak Parekh Institute Chair Professor & Professor of Chemistry

TO WHOMSOEVER IT MAY CONCERN

I am pleased to write this reference letter for Mr. Shamil Iqbal who has been working with us as a **Project architect** for the project – **International Centre for Clean Water (ICCW)**. He has been working with us from **July 2018 to present**.

ICCW is a visualized to be one of the best ecosystems in the world to build, nurture and implement disruptive technologies in the area of clean water for the world at large and India in particular.

His scope of work with us is to co-ordinate and execute the project at site. Mr. Shamil has also helped us design the logo and branding for the project. He had undertaken many other design tasks apart from the project he has been working on, such as logos, branding, bussines cards, brochures, etc., for various programs hosted by IIT Madras related to the activities of ICCW. We could also use his additional skills in photography and sketching for the good of our project and the team. He has keen observational skills and he is good at visualising and presenting his thoughts through various media using a wide range of softwares.

I am pleased to state that he has been a valuable member of our team and has worked sincerely for the good of the project. He is indeed an informed, intelligent and resourceful member of our team.

I also certify that the samples of work he has kept in his portfolio under the title ICCW and IIT Madras are solely done by him and he is granted the right to disclose them for academic purposes.

I wish him all the very best for his future endeavors.

T. Pradeep

11th April 2019

Prof. T. Pradeep, Ph.D.
Institute Professor & Professor of Chemistry
Department of Chemistry
Indian Institute of Technology Madras
Chennai - 600 036, INDIA.
